- The State of Delaware offers voluntary retirement savings plans that employees can use to accumulate money for retirement. Contributions are deposited directly from an employee's paycheck and can be made on a pre-tax or after tax (Roth) basis.
- Eligible employees can enroll anytime by visiting www.delawaredefer.com
- Full time pension eligible employees can contribute to the State's 457(b) deferred compensation plan. Casual seasonal employees are not eligible.
- All employees of public and charter school districts, DSU, and DTCC, as well as the DOE can contribute to the State's 403b plan.
- Employees eligible for both plans may contribute to both at the same time.
- Employees that will receive a large final paycheck due to their sick and vacation time they have accrued during employment can use the plans to defer paying taxes on the entire amount. They should consult with their agency HR office in regards to their final paycheck amount and help with completing the **Sick and Vacation Deferral Form**.
Note: The form must be sent to the Office of the State Treasurer (OST) the month before the employee receives their final paycheck.
