New State Police Calculator

1  ESTIMATED CREDITED SERVICE

Compute your estimated monthly pension:
Your pension amount is primarily based on your years of credited service and your Final Average Compensation*.

Amount of Ordinary Service Compensation:
Your monthly pension is the sum of 2.5% of your Final Average Compensation multiplied by up to 20 years of credited service under the New State Police Plan inclusive, plus 3.5% of your Final Average Compensation multiplied by all years of service exceeding 20 under the New State Police Plan.

Helpful Hint:
Do not use commas in the combined highest 3 year compensation field. For example, type 100000 instead of 100,000.

Please choose the nearest month or decimal in accordance with your State of Delaware service.
