Working After Retirement

• Only applies if considering employment with an organization participating in the State Employees' Pension Plan

- Per Delaware statute and IRS guidelines
 - If under age $59 \frac{1}{2}$ must have a bona fide separation of at least three months
 - If over age 59 ½ − a bona fide separation is not required **EITHER OF THE ABOVE AND**
 - Must be in a non-pension covered position

Working After Retirement - Additional Precautions

- Some part-time and temporary positions are pension creditable
 - Check with your HR department for guidance regarding positions
 - The employer MAY NOT classify the position to Temporary to accommodate your return to employment. This is considered fraudulent by both the State of Delaware and the IRS.
 - Prearrangement: If both the employer and employee know at the time of "retirement" that the employee will, with reasonably certainty, continue to perform services for the employer, a termination of employment has not occurred upon "retirement" and the employee has not legitimately retired. In these cases where there is no bonafide separation, your pension will be stopped for the duration of this employment.
- If you accept a pension creditable position with the State of Delaware after retirement, your pension (and all associated benefits including health, dental, vision and Rx) will cease until you retire for the second time
 - Calculation: 1st frozen pension + PRI's + 2nd pension = new monthly pension amount
- If receiving a Social Security benefit, earnings limits may apply
