

IMPORTANT – Additional Coverage Information

The State of Delaware is providing additional coverage of the drugs listed below to ensure that your copayments remain similar to what you experienced in your prior State of Delaware-sponsored prescription drug plan.

The following drugs may appear as Tier 3 Non-Preferred Brand Drugs in either the enclosed formulary or on the plan's website. However, as a result of this additional coverage, you will only be charged the applicable **Tier 2 Preferred Brand Drugs copayment** when you fill your prescription at a network pharmacy.

This list is current as of August 8, 2014, and represents a partial list of drugs in Tier 3 that have this additional coverage to reduce your copayments and additional drugs may be added from time to time.

If you have any questions regarding your prescription drug coverage, please contact Express Scripts Medicare Customer Service at **1.877.680.4883** (TTY users only: **1.800.716.3231**). Customer Service is available 24 hours a day, 7 days a week.
