

Clearing cache for PC Edge

Clear Cache Microsoft Edge Browser

Step 1:

Open Microsoft Edge Browser and click on the **Hub icon** (three horizontal lines at top bar) and then click History Icon.

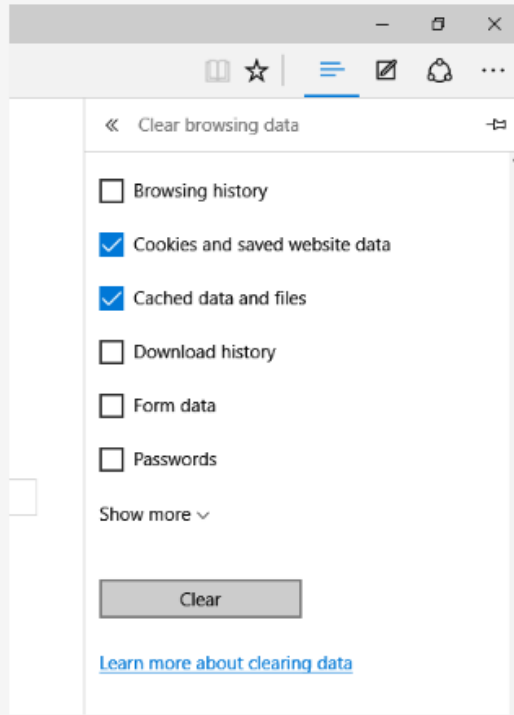

Step 2:

Now click **"Clear all history"**.

Step 3:

Now select "Cookies and saved website data" and "Cached data and files" and click Clear.

Step 4:

That's it. You will see the All Clear! message.
